

FC5®

Nourishing Daily Conditioner (page 1 of 2)

Rich, daily conditioner contains ingredients safe for color-treated hair. Helps hydrate, maintain and protect hair, leaving it soft and manageable.

RECOMMENDED FOR: All hair types.

WHEN TO USE: Daily.

DIRECTIONS FOR USE: Use daily or as needed for all hair types. After shampooing, apply a small amount and massage onto hair. Rinse thoroughly.

INGREDIENT	SOURCE	FUNCTION
Aqua/Water/Eau		Solvent
Lavandula Intermedia Flower/Leaf/Stem Extract	Plant	Hair-conditioning agent
Pelargonium Graveolens Flower/Leaf/Stem Extract	Plant	Hair-conditioning agent
Cetearyl Alcohol	Plant	Viscosity-increasing agent
Cetyl Alcohol	Plant	Surfactant — emulsifying agent
Glycerin	Plant	Hair-conditioning agent
Stearalkonium Chloride	Science	Hair-conditioning agent
Behentrimonium Methosulfate	Science	Hair-conditioning agent
Dimethicone	Science	Antifoaming agent
Panthenol	Science	Hair-conditioning agent
Betula Alba Leaf Extract	Plant	Hair-conditioning agent
Cucumis Sativus (Cucumber) Fruit Extract	Plant	Hair-conditioning agent
Humulus Lupulus (Hops) Extract	Plant	Hair-conditioning agent
Hypericum Perforatum Extract	Plant	Hair-conditioning agent
Nasturtium Officinale Extract	Plant	Hair-conditioning agent
Ribes Nigrum (Black Currant) Fruit Extract	Plant	Hair-conditioning agent
Rosmarinus Officinalis (Rosemary) Leaf Extract	Plant	Hair-conditioning agent
Trifolium Pratense (Clover) Flower Extract	Plant	Hair-conditioning agent
Urtica Dioica (Nettle) Extract	Plant	Hair-conditioning agent
Yucca Schidigera (Yucca) Extract	Plant	Hair-conditioning agent
Caucus Carota Sativa (Carrot) Root	Plant	Hair-conditioning agent
Simmondsia Chinensis (Jojoba) Seed Oil	Plant	Hair-conditioning agent — emollient
Retinyl Palmitate	Science, vitamin A	Antioxidant
Tocopherol	Science, vitamin E	Antioxidant
Magnesium Ascorbyl Phosphate	Science, vitamin C	Antioxidant
Sodium Riboflavin Phosphate	Science	Hair-conditioning agent
Phenyl Trimethicone	Science	Hair-conditioning agent, shine enhancer
Trimethylsilyloxymodimethicone	Science	Hair protectant, hair-conditioning agent
Hydroxypropyl Guar	Plant	Viscosity-increasing agent
Hydroxyethylcellulose	Plant	Conditioning agent
Amodimethicone	Plant	Hair-conditioning agent
Trideceth-12	Plant	Surfactant — emulsifying agent
Hydrolyzed Soy Protein	Plant	Hair-conditioning agent
Hydrolyzed Wheat Protein PG Propyl Silanetriol	Plant	Hair-conditioning agent
Sodium PCA	Plant	Humectant
Squalane	Plant	Hair-conditioning agent
Disodium EDTA	Science	Chelating agent
Butylene Glycol	Science	Solvent
Ilex Paraguariensis Leaf Extract	Plant	Aromatic agent
Citrus Grandis (Grapefruit) Peel Oil	Plant	Aromatic agent
Ferula Galbaniflua (Galbanum) Resin Oil	Plant	Aromatic agent
Santalum Album (Sandalwood) Oil	Plant	Aromatic agent
Hexyl Acetate	Plant	Aromatic agent
Citrus Nobilis (Mandarin Orange) Peel Oil	Plant	Aromatic agent
Citrus Aurantium Bergamia (Bergamot) Fruit Oil	Plant	Aromatic agent
Ethyl Acetate	Plant	Aromatic agent
Citrus Aurantifolia (Lime) Oil	Plant	Aromatic agent
Cymbopogon Schoenanthus Oil	Plant	Aromatic agent
3-Hexenol	Plant	Aromatic agent
Zingiber Officinale (Ginger) Root Oil	Plant	Aromatic agent
Citrus Medica Limonum (Lemon) Peel Oil	Plant	Aromatic agent

FC5®

Nourishing Daily Conditioner (page 2 of 2)

Rich, daily conditioner contains ingredients safe for color-treated hair. Helps hydrate, maintain and protect hair, leaving it soft and manageable.

RECOMMENDED FOR: All hair types.

WHEN TO USE: Daily.

DIRECTIONS FOR USE: Use daily or as needed for all hair types. After shampooing, apply a small amount and massage onto hair. Rinse thoroughly.

INGREDIENT	SOURCE	FUNCTION
Geranyl Acetate	Plant	Aromatic agent
Allyl Caproate	Plant	Aromatic agent
Citrus Aurantium Dulcis (Orange) Oil	Plant	Aromatic agent
Citrus Aurantium Dulcis (Orange) Fruit Extract	Plant	Aromatic agent
Cananga Odorata Flower Oil	Plant	Aromatic agent
Amyl Cinnamal	Plant	Aromatic agent
Linalool	Plant	Aromatic agent
Linalyl Acetate	Plant	Aromatic agent
Beta-Ionone	Plant	Aromatic agent
Geraniol	Plant	Aromatic agent
Citronellol	Plant	Aromatic agent
Gamma-Undecalactone	Plant	Aromatic agent
Benzyl Acetate	Plant	Aromatic agent
Cis-3-Hexenyl Acetate	Plant	Aromatic agent
Styrax Benzoin Resin Extract	Plant	Aromatic agent
Helianthus Annuus (Sunflower) Seed Oil	Plant	Aromatic agent
Pelargonium Graveolens Flower Oil	Plant	Aromatic agent
Bulnesia Sarmientoi Wood Oil	Plant	Aromatic agent
Eugenia Caryophyllus Leaf Oil	Plant	Aromatic agent
Eugenia Caryophyllus Bud Oil	Plant	Aromatic agent
Mentha Viridis (Spearmint) Leaf Oil	Plant	Aromatic agent
Phenethyl Alcohol	Plant	Aromatic agent
Benzyl Alcohol	Plant	Aromatic agent
Cinnamyl Alcohol	Plant	Aromatic agent
Benzyl Acetate	Plant	Aromatic agent
Nerol	Plant	Aromatic agent
Geraniol	Plant	Aromatic agent
Vanillin	Plant	Aromatic agent
Ethyl Levulinate	Plant	Aromatic agent
Heliotropine	Plant	Aromatic agent
Gamma-Dodecalactone	Plant	Aromatic agent
Gamma-Octalactone	Plant	Aromatic agent
Gamma-Decalactone	Plant	Aromatic agent
Coumarin, IsoAmyl Butyrate	Plant	Aromatic agent
Benzaldehyde	Plant	Aromatic agent
Ethyl Butyrate	Plant	Aromatic agent
Ethyl-2 Methyl Butyrate	Plant	Aromatic agent
Pentanedione	Plant	Aromatic agent
Citric Acid	Plant	Aromatic agent
Centrimonium Chloride	Plant	Aromatic agent
Phenoxyethanol	Science	Preservative
Potassium Sorbate	Science	Preservative
Limonene	Plant	Aromatic agent
